THE ANNUAL REPORT ON DENTAL AUXILIARY EDUCATION 1980-81 is a summary of the information obtained from the *1980 ANNUAL SURVEY OF DENTAL AUXILIARY EDUCATION PROGRAMS.* Data was provided by the administrators of dental assisting, dental hygiene and dental laboratory technology programs accredited by the Commission on Dental Accreditation as of October, 1980. At that time, 296 dental assisting, 200 dental hygiene and 57 dental laboratory technology programs were accredited.

TABLE 1 indicates the first-year enrollment in the three types of programs from 1971 through 1980. In this 10 year-period, first-year enrollment in dental assisting programs rose to 1.3 times the enrollment in 1971; dental hygiene first-year enrollment rose to 1.2 times that of 1971 and dental laboratory technology first-year enrollment rose to 1.7 times the 1971 enrollment.

TABLES 4 through *12* present the following information for each type of dental auxiliary program: a list of programs, admission policies and data, and enrollment and graduate information.

DENTAL HYGIENE EDUCATION PROGRAMS

TABLE 4 includes the names and addresses of dental hygiene education programs and the name of the program administrator.

TABLE 5 presents admission policies and descriptive data on each accredited dental hygiene program. Information includes the award granted upon completion of the accredited curriculum which prepared the student for licensure, the type and number of terms of instruction, the minimum educational background needed to enter the program and the average total cost of the curriculum of the student. The number of terms and costs do not include prerequisite education. Programs which show no out-of-state costs do not accept out-of-state students.

TABLE 6 identifies the first-year enrollment capacity, enrollment in each year of the program, and the number of students who completed the accredited curriculum in 1980. The graduates are tabulated by the type of award granted upon completion of the accredited curriculum which prepared the student for licensure.

DENTAL ASSISTING EDUCATION PROGRAMS

TABLE 7 includes the names and addresses of dental assisting education programs and the name of the program administrator.

TABLE 8 presents admission policies and descriptive data on each accredited dental assisting program. Information includes the award granted upon completion of the accredited curriculum which prepared the student for employment, the type and number of terms of instruction, minimum educational background needed for admission to the program and the average total cost of the curriculum to the student. The years devoted solely to general education courses are not included as part of the dental assisting curriculum. Programs which show no out-of-state costs do not accept out-of-state students.

TABLE 9 identifies first year enrollment capacity, enrollment in each year of the program and the number of students who completed the employment preparation curriculum in 1980. These graduates are tabulated by the type of award that is granted upon completion of this employment preparation program.

DENTAL LABORATORY TECHNOLOGY EDUCATION PROGRAMS

TABLE 10 includes the names and addresses of dental laboratory technology education programs and the name of the program administrator.

TABLE 11 presents admission policies and descriptive data on each accredited dental laboratory technology program. Information includes the award granted upon completion of the accredited curriculum in 1980, the type and number of terms of instruction, prerequisite education of admission to the program and the average total cost of the curriculum to the student. Programs which show no out-of-state costs do not accept out-of-state students.

TABLE 12 identifies the first year enrollment capacity, enrollment in each year of the program and the number of students who completed the employment-preparation curriculum in 1980. These graduates are tabulated by the type of award that is granted upon completion of this employment-preparation curriculum.
